Instruction Guide

Use dual HD post where possible for RSPEP fitment.
RSPEP fitment varies for vehicle type
Fit RSSFR/HD- into vehicle and fit RSPEP to posts.
RSPEP- should be about 3/8" (10mm) from vehicle wall.
RSPEP- is adjustable vertically and horizontally.
Check RSSFR/HD- & RSPEP for position & fitment suitability
and continue to proceed with installation.

Other accessories are available which mount onto RSPEP.
